

FARA
LIGHTING SOLUTION

FARA exists to create beautiful atmospheres, using lighting design to generate meaningful responses that have a positive impact on the human experience. We put people at the center of everything we do: their feelings, their desires and ultimately their wellbeing. Elegant, sensual and universal, FARA speaks a language of emotion that connects us with the world.

We recognize interior design as fundamental to the culture of wellbeing; good design generates a sense of beauty and harmony that helps us to feel good and live better. We provide the tools for design professionals to create beautiful spaces that people can enjoy in any context or timeframe. We seek universal, essential design that has a positive impact on humanity and enduring value.

We aspire to lead a lighting revolution, breaking the rules of lighting design by introducing a new, holistic and expansive view that goes beyond light to incorporate materiality, composition and use of space. We believe that it is only when these four pillars of interior design come together in harmony that we can truly generate a sense of wellbeing.

About us

Founded in 1991 as a manufacturer of architectural lights and started its professional activities in 2009 to meet the specially designing and lighting solution at homes lighting industry.

Relying on technical knowledge and having experienced staff and communication with some domestic and foreign designers and manufacturers, FARA try to meet the needs of the global's architects and interior designers. Offering and producing products with the latest methods and technology in the world with the highest quality according to the needs of customers is on its agenda and hopes and tries the best that in the near future it will be able to innovate in reducing costs and energy consumption by optimally lighting design and transformations in architecture and lighting.

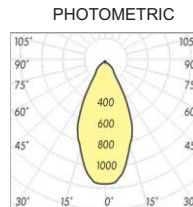

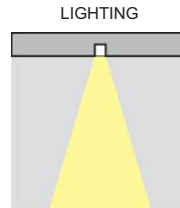

BIANCA

PRODUCT NAME : BIANCA
PRODUCT CODE : FAGF01001
COLOR : WHITE
LIGHT SOURCE : Mr16-GU10(MAX 35WATT)
HOUSING : PLASTER
IP :20
IK :02
Weight :0.15 kg
• Lamp replacement without tools

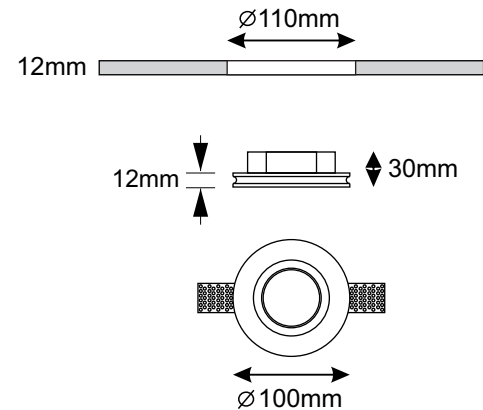

LIGHT SOURCE

	ES50/GU10/230V Halogen Lamp
	PAR16/GU10/230V Halogen Lamp
	CFL/GU10/230V Compact Fluorescent Lamp
